

## Miniature Display Categories

### A. Natural Arrangement

Display consists of natural products and whole plants, wood, rock is acceptable. Resembles the large displays but in miniature size. Note: including any non-natural materials (glass, ceramic, wire, plastic, etc.) puts your display in category B. The maximum size is 16" X16", but it can be any height.

### B. Cut flower/Artificial Arrangement

Display consists of cut flowers or potted plants and man-made or natural products. You may use any combination of potted plants and cut flowers. The maximum size is 16" X 16", but it can be any height.

### C. Youth 17 and under

Display can be either Natural or Cut Flower. The maximum is 16" X16", but it can be any height. You may use any combination of potted plants and cut flowers. Natural and man-made products.

## Miniature Display Requirements

The maximum size is 16" X16", but it can be any height. (Display must stay in 16 x 16 parameter from top to bottom.)

Orchids are the only flowers which may be used in the display.  
Other greenery is allowed.

The exhibit is miniature, but the orchids can be any size.

Plants do not have to be labeled. (The only AOS award would be an Artistic Certificate if deemed.)

**Every miniature exhibit needs to have a title.** The title does not need to be related to the show theme but should reflect their design. Awarded Ribbons 1<sup>st</sup> through 3<sup>rd</sup> in all categories.

Best Miniature Display trophy to overall best of the 3 categories.
